

SYNOPSIS

ENJOY YOUR MEAL, MY LOVE

Otávio is an executive who has clear and annoyingly conservative ideas and opinions about everything. One day he discovers, hidden in the drawer of his wife's closet, Valeria, an artificial male sexual organ. This discovery takes away his tranquility and self-confidence. And it makes him even more disturbed when he notices changes in his wife's behavior. Using rhetorical disguises, Otávio seeks for opinions of several people about what to do with that male artifact inside his house. Concluding that his wife is betraying him, he goes for the confrontation.
